

BRANCH TAKE OFFS - PLASTIC SINGLE

Features

- Manufactured from strong, lightweight blow moulded Polyethylene.
- Specifically designed to integrate with all types of flexible ductwork.
- Easy to handle with no sharp edges and manufactured from corrosion free material.
- Perfect for both commercial and domestic installations.
- Smooth internal surfaces allow for superior air distribution which can be regulated by the installation of a Polyaire Volume Control Damper.
- Available as an insulated or non-insulated product. The insulation specification will vary from location to location.
